#PLAYWITHC3R5

REGULATIONS

To be part of #PlayWithC3R5 Championship, competitors have to use DiRT Rally 2.0 (<https://dirtrally2.com/>) video-game. Since it is a SIM Racing simulator developed on a regular-basis, updates may appear during the rally/championship and they are out of Citroën Racing control. All the #PlayWithC3R5 competitors have to proceed to the updates as soon as some occur. Therefore, it is requested to all the participants to understand that any technical problems or bugs may arise during an update and prevent normal running of the rally.

Competition management is done by external supplier contracted by Citroën Racing, through an online platform dedicated to Codemasters leagues in DiRT Rally 2.0: <https://dirtrally2.com/clubs/club/327503>

You can participate to #PlayWithC3R5 Championship (on DiRT Rally 2.0) from PC (STEAM), Xbox One and PlayStation 4 platforms. Proper simulator set-up is recommended, rather than basic video game controller.

It is strictly forbidden to carry out the #PlayWithC3R5 competition on different platforms than those mentioned above: this will lead to the exclusion of the Rally driver.

#PlayWithC3R5 Championship consists in 5 Rally events: 1 per month with 12 stages each one.

There will be 1 global classification with all competitors (Real World Drivers, SIM Racers, fans, PSA Motorsport employee, ...) that includes

the PowerStage points. PSA Motorsport employees will benefit from a separate additional classification for Citroën Racing internal purpose.

A Rally Guide with itinerary, map of the stages, timing and other relevant information will be sent by e-mail to all the competitors before each rally. The Rally Guide will be provided 2 days before the opening of the room. If you did not receive it, please email to help@theproracer.com or contact +351 926 072 352 .

Any situation not covered by these rules that happens during a rally will be analyzed and decided by #PlayWithC3R5 Competition Management. If a competitor has claims on Sporting issues that might occur during a rally, it is mandatory to make it by e-mail within the 24H after the end of the race. Email to: help@theproracer.com. The claim will be checked and judged by #PlayWithC3R5 Competition Management.

The league settings to be used for each rally are as follows:

Helps: without Ads Help

Service areas: according to the RallyGuide (in quantity and duration)

Driver Cameras: only onboard real Camera

Road conditions: at discretion of the organization

Damage: hardcore

Unexpected moments: on
